Oxford Prospects Programmes

Electronic devices and social media policy

Purpose

1. The Purpose of this policy is to mitigate the risks of social media and electronic device usage by students during their time with OPP.

Policy

2. Students agree to appropriate and respectful use of electronic devices and social media whilst on site.
3. Students take, make or distribute photographs of anybody without their consent while on site or on any trips or outings run by OPP
4. Students will not play audio, including music, whilst inside learning spaces or making phone calls, particularly during lectures or workshops (unless instructed otherwise by a lecturer or member of staff)
5. Students will not capture, record, or share any materials, including any handouts, from lectures or workshops unless given express permission by the speaker
6. Any social media posts students make that involve, reference or are associated with OPP will be appropriate in tone and respectful to all others, including students, members of staff and college staff.
7. Students will not use social media to carry out any behaviours prohibited in our harassment policy
